SPECIAL BARGAIN PRICES

on High-Grade True-to-Name Gladiolus Bulbs

for Fall, 1929

We are presenting this list to you, believing that you will be glad to buy bulbs at bargain prices while you still have in mind the varieties you have seen this year. We have made the cost so reasonable that it is worth your while to buy now.

All stock guaranteed true-to-name but we cannot warrant results as they are subject to conditions over which we have no control.

No orders filled for less than \$2 at these prices and no single item for less than 10c. Wholesale prices on application. Orders shipped postpaid.

Prices are for single bulbs 1¼ inches up, except as stated. Medium sized bulbs can be had of almost all varieties at 60% of listed price and small bulbs at 30%. Dozen price, nine times single price. Six at dozen rate. See discounts at end of list. We can supply bulblets at from ten to fifty at the price of a large bulb.

Sale of varieties starred (*) cannot be closed until release is obtained from Federal Horticultural Board. Stock of these has been grown two years and is subject to release.

Terms, cash or will hold until spring if 25% deposit is made. On cash orders of \$5 or more, a 10% discount will be given. On cash orders of \$25 or more, 20% discount. These discounts not allowed after November 1.

Full orders will be shipped during November. We will on request hold shipments until spring.

Order now as many of these varieties will not appear in our spring catalogue.

Don't hesitate to send in orders for bulblets. It is a little early to forecast the crop which determines price. We will treat you right. If not satisfied, return them and money will be refunded.

Remember that our large bulbs are full 1¼ inches up. We are selling bulbs others call large as medium size. This is our loss and your gain as postage on these husky bulbs runs into money.
